

Dear Santa Claus, so jolly and bright,  
I've been good this year, from morning to night.  
With joy in my heart and a wish list in hand,  
I hope you can come to my home, so grand.  
My stocking is hung by the chimney with care,  
Filled with sweet treats and love to share.  
For Christmas this year, I hope you'll agree,  
A puppy or kitten would make me so free!  
I'll leave out some cookies, a glass full of milk,  
And thank you for magic, as soft as pure silk.  
So here's my warm wish, sent straight from my heart,  
Merry Christmas, dear Santa, let's not drift apart!  
With love and good cheer,
