

Subject: Inheritance Division Discussion

Dear [Family Member's Name],

I hope this message finds you well. As we move forward with the division of [Deceased's Name]'s inheritance, I believe it's important for us to communicate openly and collaboratively to ensure a fair process.

I propose we schedule a meeting to discuss our thoughts and preferences regarding the distribution of assets. Here are a few points I think we should consider:

1. **List of Assets**: Compiling a comprehensive list of all assets and their estimated values.
2. **Personal Sentiments**: Identifying any assets with sentimental value that may need special consideration.
3. **Equal Distribution**: Discussing options for equal division among beneficiaries.
4. **Legal Considerations**: Ensuring we have a clear understanding of any legal obligations or implications.

Please let me know your availability for a meeting, and feel free to suggest any other points you think we should address.

Looking forward to your response.

Best regards,

[Your Name]
