Subject: Suggestion for Improvement in CBSE Curriculum

Dear Editor,

I am writing to express my views on the current CBSE curriculum and suggest some improvements that could enhance the learning experience for students.

Firstly, I believe that incorporating more practical subjects, such as life skills and environmental studies, would benefit students greatly. Additionally, the inclusion of project-based learning can encourage creativity and critical thinking.

Furthermore, I recommend extending the examination pattern to reduce the pressure on students by introducing more continuous assessment methods. This can help students learn and retain knowledge more effectively.

Thank you for considering my suggestions. I hope these ideas will contribute to making the CBSE curriculum more holistic and effective for future generations.

Sincerely,

[Your Name]
