Dear [Recipient's Name],

I am writing to refer [Patient's Name], a [Patient's Age]-year-old [Male/Female] diagnosed with chronic kidney disease (CKD), Stage [Stage Number]. [Patient's Name] has a history of [relevant medical history, e.g., hypertension, diabetes], contributing to the progression of CKD. During the patient's last visit on [Date], the following findings were noted:

- Blood Pressure: [Value]
- Serum Creatinine: [Value]
- Estimated GFR: [Value]
- Albuminuria: [Value]

Current treatment includes [list any medications, dietary considerations, or other interventions]. [Patient's Name] is compliant with medication but continues to experience [describe any symptoms or issues].

I believe that further evaluation by a nephrologist is essential for [specific evaluation or treatment recommendation]. Please find attached relevant lab results and patient history for your review.

Thank you for your attention to this matter. I look forward to your insight regarding [Patient's Name]'s management.

Sincerely,

[Your Name]
