Dear [Recipient's Name],

Subject: Response to DDoS Attack Threat

I am writing in response to the recent threat of a Distributed Denial of Service (DDoS) attack directed towards our organization. We take such threats very seriously and want to assure you that we have implemented a comprehensive cybersecurity strategy to protect our systems and data. Our IT team is on high alert and actively monitoring our network for any unusual activity. We have also engaged with our service providers to ensure that adequate measures are in place to mitigate potential DDoS attacks.

Furthermore, we are reviewing our incident response plan to ensure that we can respond effectively in the unlikely event that an attack occurs. Communication with our stakeholders is a priority, and we will keep you updated on any developments.

We appreciate your understanding and cooperation as we work to safeguard our organization. Should you have any questions or require further information, please do not hesitate to reach out.

Sincerely,

[Your Name]
