

Subject: DKIM Testing for Email Deliverability

Dear [Recipient's Name],

I hope this message finds you well. As part of our ongoing efforts to improve email deliverability, we are conducting a DKIM (DomainKeys Identified Mail) testing process. We would like to ensure that our emails are authenticated correctly to prevent any potential issues with delivery.

Please find below the necessary information regarding the DKIM testing:

1. **Email Address for Testing**: [Your Testing Email Address]

2. **Expected Result**: Email should pass DKIM verification.

3. **Testing Procedure**:

- Send an email from [Your Sending Domain] to [Your Testing Email Address].

- Verify the email's DKIM signature using an external tool or within your email client.

4. **Feedback Request**:

- Notify us whether the email passed DKIM verification.

- Report any issues encountered during the testing process.

Your assistance in this testing phase is greatly appreciated. If you have any questions or require further assistance, please don't hesitate to reach out.

Thank you for your cooperation.

Best regards,

[Your Name]

[Your Position]
