Dear [Recipient's Name],

I hope this letter finds you well.

I am writing to refer [Patient's Name], a [age] year-old [gender] who has been experiencing [brief description of symptoms or reason for referral]. Based on my evaluation and clinical judgment, I believe that an electrocardiogram (EKG) test is warranted to assess [specific reason for EKG, e.g., possible arrhythmias, chest pain, etc.].

Details of the patient are as follows:

- **Patient Name:** [Patient's Name]
- **Date of Birth:** [DOB]
- **Medical Record Number:** [MRN]
- **Relevant Medical History:** [Brief summary of relevant medical history]

I would appreciate your expertise in conducting the EKG and any further assessments you deem necessary. Please feel free to contact me if you require additional information regarding the patient's medical history or if you'd like to discuss this case further.

Thank you for your attention to this referral. I look forward to your evaluation and recommendations.

Sincerely,

[Your Name]
