Dear Scholarship Committee,

I am writing to express my commitment to applying for the FFA Scholarship. I understand the importance of this scholarship and the opportunities it can provide for my future in agricultural education and leadership.

I assure you that, should I be awarded this scholarship, I will remain dedicated to my studies and continue to be actively involved in the FFA and my community. I am committed to upholding the values and principles of the FFA organization and contributing positively to my local chapter. Thank you for considering my application. I look forward to the opportunity to further my education and make a meaningful impact in the field of agriculture.

Sincerely,
