[Date]

Dear [Birthday Kid's Name],

Happy Birthday to you!

As you step into another year, I wanted to remind you that just like in FNAF, each birthday is like unlocking a new level filled with exciting adventures and surprises. May your day be filled with joy, laughter, and maybe a few friendly animatronics (but hopefully not too scary!).

I hope your birthday cake is as sweet as your favorite cupcake from Freddy Fazbear's, and that your friends bring the same excitement as the animatronics themselves! Remember, just like in the game, enjoy every moment and make sure to keep your flashlight handy--because the fun never sleeps!

Have the best birthday ever, and may all your dreams come true (without any jumpscares)!

With all my birthday wishes,

[Your Name]
