Dear [Scholarship Committee's Name],
I am writing to apply for the [Name of Scholarship] for GCSE students, particularly in recognition of my extracurricular activities. I have been actively involved in [List Activities, e.g., sports teams, clubs, community service, etc.], where I have developed skills such as [Skill 1, Skill 2, Skill 3].

Engaging in these activities has not only allowed me to pursue my passions but also taught me the importance of teamwork and leadership. For instance, being a part of [Specific Activity] has enabled me to [Share a Personal Experience or Achievement Related to That Activity]. I believe that receiving this scholarship will not only aid in my academic journey but also enhance my contributions to [School/Community/Specific Activities] as I continue to develop my skills and pursue my interests.

Thank you for considering my application. I look forward to the opportunity to discuss my involvement in extracurricular activities further.

Sincerely,
[Your Name]
