Dear [Family Member's Name],

I hope this letter finds you well. I wanted to take a moment to share some important information regarding my recent situation involving the ignition interlock device (IID) that has been installed in my vehicle. As you know, I have been working on making positive changes in my life, and part of that journey involves compliance with the court's requirements. The IID is a crucial step towards regaining my driving privileges and ensuring I stay on the right path.

The device works by requiring a breath sample before the vehicle can be started, and it's designed to prevent driving under the influence of alcohol. I am committed to adhering to this requirement and using it responsibly.

I appreciate your support during this time, and I understand that this might raise concerns. Please know that I am taking this situation seriously, and I am focusing on my recovery and future well-being. Thank you for understanding, and I look forward to your continued support.

Warm regards,
[Your Name]
