Dear Family,

I hope this letter finds you all in good spirits. I wanted to take a moment to share some important news regarding our family journey and to keep you all informed about the decisions we are making together.

As you may know, we have been on a path to expand our family, and after much consideration and discussion, we have decided to proceed with IVF treatment. This decision comes after exploring all our options and consulting with medical professionals who have guided us to this point. We understand that this may be a sensitive topic, and we want you to know that we are taking this step with careful thought and planning. The process can be both physically and emotionally challenging, but we feel hopeful and supported by each other and by our loved ones.

We would appreciate your understanding and support throughout this journey. We may have questions, and there might be times when we need a shoulder to lean on. We value your love and encouragement as we navigate this path together.

Thank you for being there for us. We will keep you updated on our progress and look forward to sharing news of our journey ahead.

With love,  
[Your Name]
