

Subject: JQL Query Request

Dear [Recipient's Name],

I hope this message finds you well. I would like to request your assistance with a JQL query for our project management tools. Below is the specific query I have in mind:
\\\

```
project = "Project Name" AND status = "In Progress" ORDER BY priority  
DESC  
\\\
```

If you could provide any feedback or modifications to enhance this query, I would greatly appreciate it.

Thank you for your help!

Best regards,
