Project Proposal for JVC Scholarship Program
Project Title: Empowering Youth through Digital Literacy
Submitted by: [Your Name]
Date: [Submission Date]
Contact Information: [Your Email, Phone Number]
Executive Summary:
This project aims to provide digital literacy training to underprivileged youth in [Location]. By equipping them with essential skills, we hope to improve their employability and foster an inclusive community.
Project Objectives:
1. To develop digital skills among 100 youth aged 15-25.
2. To enhance job readiness through workshops and mentorship programs.
3. To create sustainable learning partnerships with local organizations.
Target Population:
Underprivileged youth aged 15-25 in [specific geographic area].
Project Activities:
1. Conduct initial needs assessment and outreach.
2. Facilitate digital literacy workshops over [duration].
3. Implement job readiness training sessions.
4. Partner with local businesses for mentorship opportunities.
Timeline:
- Month 1: Needs Assessment
- Month 2-3: Workshops
- Month 4: Job Readiness Program
- Month 5: Evaluation and Reporting
Budget Overview:
- Total Funding Requested: $[Amount]
 - Training Materials: $[Amount]
 - Instructor Fees: $[Amount]
 - Marketing and Outreach: $[Amount]
 - Administrative Costs: $[Amount]
Impact Measurement:
We will evaluate the project based on pre- and post-training assessments, employment rates of participants, and feedback from local businesses.
Sustainability Plan:
Post-project, we will seek to continue training through partnerships with local institutions and explore additional funding sources to expand the program.
Conclusion:
By investing in the digital skills of our youth, we will not only empower individuals but also uplift the entire community, leading to a brighter economic future for [Location].
Appendices:
1. Letters of Support
2. Participant Testimonials
3. Detailed Budget Breakdown
Thank you for considering this proposal.
