Dear [Your Name],

Today, I choose to embrace the positive energy of the universe and acknowledge the good karma that surrounds me. I believe that my thoughts and actions create ripples of positivity that return to me in beautiful ways. I am grateful for the kindness I receive and the opportunities that come my way.

I am deserving of love, joy, and abundance. Each time I spread positivity, whether through a smile or a helping hand, I enhance the flow of good karma in my life. I recognize the power I have to affect change - both in myself and in others.

I trust that my intentions are aligned with the energy I wish to attract. I release negativity and welcome blessings. I am a beacon of light, and my positive actions generate harmony in my life and the lives of those around me.

I forgive myself for past mistakes and commit to living in alignment with my true self. Each day, I choose kindness, compassion, and generosity. I am empowered to create a life filled with positive karma.

With love and gratitude,
