Dear [Recipient's Name],

RE: Legal Representation for [Client's Name] regarding Kleptomania Case  
I hope this letter finds you well. I am writing to formally address the circumstances surrounding my client, [Client's Name], who has been involved in an incident of theft which is attributed to their medical condition known as kleptomania.

As you may be aware, kleptomania is a recognized mental health disorder characterized by an irresistible urge to steal items for reasons other than personal use or financial gain. My client has been under treatment for this condition and is actively working with mental health professionals.

We believe it is important to consider the context of [Client's Name]'s actions when approaching this matter. The theft in question occurred on [Date of Incident] at [Location of Incident]. My client acknowledges their actions and is prepared to take responsibility, but it is crucial to recognize how kleptomania influences these behaviors.

I kindly request that you consider this medical explanation in your review of the case and any potential legal actions. We are open to discussing alternatives to prosecution that may better serve my client's rehabilitation and the community.

Thank you for your attention to this matter. I look forward to your response.

Sincerely,

[Your Signature (if sending a hard copy)]
