Dear Dr. [Doctor's Last Name],

I hope this letter finds you well. I am writing to discuss my upcoming knee replacement surgery scheduled for [date of surgery]. I want to ensure I understand all aspects of the procedure and what I can do to prepare myself for a successful outcome.

Could you please provide detailed information about the surgery process, recovery timeline, and any specific instructions I should follow in the days leading up to the operation? Additionally, if there are any pre-operative tests or evaluations required, please let me know.

I appreciate your guidance and support throughout this process, and I look forward to your response.

Thank you for your attention to my concerns.

Sincerely,

[Your Name]
