Dear [Recipient's Name],

I hope this letter finds you well. I am writing to present a hypothesis testing framework for our recent project on [describe project topic].

****Null Hypothesis (H0):**** [State Null Hypothesis]

****Alternative Hypothesis (H1):**** [State Alternative Hypothesis]

Based on preliminary data, we aim to test these hypotheses by employing [briefly describe the statistical test, e.g., t-test, chi-square test, etc.]. This will help us determine if there is a statistically significant difference in [describe what you are measuring].

We plan to use a significance level of [alpha level, e.g., 0.05] and analyze the data using [mention software or methods, if applicable]. Our expected outcomes will guide future decisions regarding [mention implications of the results].

I look forward to discussing this further and your feedback on the proposed methodology.

Thank you for your attention to this matter.

Sincerely,
