Dear [Patient's Name],

I hope this letter finds you well. I am writing to document our recent consultation regarding your health concerns, particularly the pyrexia you have been experiencing.

During your appointment on [Date of Appointment], you reported having a fever with recorded temperatures reaching [specific temperature]. This elevated body temperature has persisted for [duration] and is accompanied by symptoms such as [list any additional symptoms, e.g., chills, fatigue, or body aches].

Based on our assessment, the likely causes of your pyrexia could include [briefly list potential causes, e.g., viral infections, bacterial infections, inflammatory conditions]. We have decided to [outline any recommended tests, treatments, or follow-up plans initiated during the visit].

Please monitor your symptoms closely and reach out if your fever worsens or if you have any concerns. It's crucial to stay well-hydrated and rest as needed.

Thank you for your cooperation and trust in our care. Should you have any questions, please feel free to contact our office.

Sincerely,

[Your Name]
