Dear [Recipient's Name],

I hope this letter finds you well. I am writing to share an exciting tool that I recently discovered--a QR code generator that I believe you will find useful.

With just a few simple steps, you can create personalized QR codes for various purposes such as marketing, event invitations, or even sharing contact information. The best part is that it's user-friendly and completely free!

To get started, visit [insert QR code generator website]. Once on the site, you can input the desired URL or text, customize the design if needed, and generate your unique QR code in seconds.

I think this would be a fun and innovative way to share your work or connect with friends and family. Let me know if you decide to give it a try!

Looking forward to hearing your thoughts.

Best wishes,
