Dear [Teacher's Name],

I hope this message finds you well. I am writing to request access to IXL for [specific purpose, e.g., additional practice, homework support, etc.] for my child, [Child's Name], who is in your [grade/class name].

I believe that using IXL will greatly benefit [him/her/them] by providing personalized learning opportunities and reinforcing the skills being taught in class.

If you could provide the necessary information or permissions needed for accessing IXL, I would greatly appreciate it.

Thank you for your support and understanding.

Sincerely,

[Your Name]
