Subject: Nexus Letter in Support of Claim for Skin Cancer

Dear [VA Official's Name or "To Whom It May Concern"],  
I am writing to provide a nexus letter regarding my patient, [Veteran's Full Name], who is a [Veteran's Service Number or Date of Birth]. I am a [Your Title/Position] and have been treating [him/her] since [Date]. [Veteran's Full Name] has been diagnosed with skin cancer, specifically [Type of Skin Cancer], which was first identified on [Date]. This letter serves to establish a connection between [his/her] military service and the diagnosis of skin cancer.

During [his/her] time in service from [Start Date] to [End Date], [Veteran's Name] was exposed to environmental hazards, including [specific exposures, e.g., UV radiation, chemicals, etc.], during [describe specific duties or locations]. These exposures are well-documented to contribute to the development of skin cancer, as supported by numerous studies such as [insert relevant studies or references].

In my professional opinion, based on the medical history, service exposure, and current diagnosis, it is at least as likely as not that [Veteran's Name]'s skin cancer is related to [his/her] military service. This conclusion is based on the following points:

1. [Point 1: Detailed explanation or evidence]
2. [Point 2: Detailed explanation or evidence]
3. [Point 3: Detailed explanation or evidence]

I recommend that [Veteran's Name] be evaluated for [specific treatments or evaluations related to skin cancer] and that [his/her] claim for service-connected compensation be thoroughly considered.

Please feel free to contact me at [Your Phone Number] or [Your Email Address] if you require any further information or clarification.

Sincerely,

[Your Signature]  
[Your Printed Name]
