Dear [Recipient's Name],

Subject: Nexus Letter for VA Skin Cancer Claim

I am writing to request a nexus letter regarding my claim for skin cancer with the Department of Veterans Affairs (VA). To support my claim, I would appreciate your assistance in outlining the connection between my military service and my current diagnosis of skin cancer.

****Key Points to Include in the Nexus Letter:****

1. ****Patient Information:****

- Full name, date of birth, and service details (branch, dates of service).

2. ****Medical Diagnosis:****

- Specific type of skin cancer diagnosed, dates of diagnosis, and treatment history.

3. ****Service Connection:****

- Explanation of how exposure to specific environmental factors or conditions during military service is likely to have contributed to or caused the development of skin cancer.

4. ****Medical Opinion:****

- Clear statement indicating that, in your professional medical opinion, it is more likely than not (50% or greater probability) that the skin cancer is related to military service.

5. ****Supporting Evidence:****

- Brief mention of supporting documentation (medical records, research studies, etc.) that substantiates your opinion.

6. ****Conclusion:****

- Reiterate the connection between my military service and my current health condition.

Thank you for your attention to this matter. I appreciate your support in helping me obtain the benefits I seek from the VA. Please feel free to contact me directly if you require any further information or clarification.

Sincerely,

[Your Signature (if sending a hard copy)]
