Subject: Nexus Letter Regarding Skin Cancer and Military Service

Dear [Recipient's Name],

I am writing to provide a nexus letter that establishes a connection between my military service and my diagnosis of skin cancer.

1. **\*\*Introduction\*\***

- My name is [Your Full Name], and I served in the [Branch of Military] from [Start Date] to [End Date]. I am currently diagnosed with [specific type of skin cancer], confirmed by [medical records/doctor's name].

2. **\*\*Military Service Exposure\*\***

- During my service, I was exposed to [specific details of exposure, e.g., sun exposure, hazardous materials, etc.], particularly during [specific locations and times]. This exposure is documented in [attach any relevant service records or documentation].

3. **\*\*Medical Diagnosis\*\***

- I was diagnosed with [type of skin cancer] on [date of diagnosis], and medical records from [doctor or hospital name] confirm this diagnosis.

4. **\*\*Link Between Service and Condition\*\***

- After reviewing my medical history and service records, it is my professional opinion that there is a direct connection between my military service and the development of my skin cancer. Factors contributing to this link include [details/observations supporting causality].

5. **\*\*Conclusion\*\***

- In conclusion, it is my medical opinion that my skin cancer is at least as likely as not caused by my military service. I recommend that the [VA/appropriate authority] considers this connection when evaluating my claim.

Thank you for your attention to this matter. Please feel free to reach out if you require further information or clarification.

Sincerely,
