Dear [Health Authority's Name],

Subject: Urgent Attention Required for Tuberculosis Patient

I am writing to bring to your attention a critical situation concerning a patient diagnosed with tuberculosis (TB).

Patient Name: [Patient's Name]

Patient ID: [Patient ID]

Diagnosis Date: [Diagnosis Date]

Current Health Status: [Brief description of health status]

The purpose of this letter is to express concerns regarding [specific issues such as treatment adherence, public health risk, need for additional resources, etc.] and to request immediate intervention or support from your office.

We believe that addressing these issues is vital to ensuring not only the health and safety of the patient but also the community at large.

Thank you for your prompt attention to this matter. I look forward to your response.

Sincerely,

[Your Name]
[Your Title/Position]
