Dear [Recipient's Name],

I hope this letter finds you well. I am writing to provide an explanation of the recent results from the tuberculosis (TB) test conducted on [Date of Test].

The TB test returned the following results:

- ****Test Type****: [Mantoux Tuberculin Skin Test/QuantiFERON Gold Test, etc.]

- ****Result****: [Positive/Negative/Indeterminate]

- ****Details****: [Include any relevant measurements or readings, if applicable]

Based on these results, I would like to provide some context:

1. ****Interpretation****:

- A [Positive/Negative] result indicates [brief explanation of the interpretation].

- [If positive, mention that further evaluation may be necessary, such as a chest X-ray or additional tests].

2. ****Next Steps****:

- I recommend [mention any follow-up actions or appointments].

- Please reach out if you have any questions or need further clarification.

Thank you for your attention to this matter. I look forward to your guidance on the next steps.

Sincerely,

[Your Name]
