Dear [Recipient's Name],

Subject: Diagnosis of Clinical Tuberculosis

I am writing to formally inform you of the recent diagnosis of tuberculosis (TB) for my patient, [Patient's Full Name], aged [Patient's Age], who has been under my care since [Date].

Clinical findings and diagnostic tests have revealed the presence of Mycobacterium tuberculosis, confirmed through [mention diagnostic method, e.g., chest X-ray, sputum smear, or culture]. The patient has exhibited symptoms including [list symptoms, e.g., persistent cough, fever, night sweats, weight loss].

Given the potential for transmission, I have initiated [mention treatment plan and any necessary isolation procedures] and have advised the patient to adhere strictly to the TB treatment regimen.

Please find attached the relevant medical records and diagnostic reports for your review. I appreciate your attention to this matter and any further recommendations you might have for the management and follow-up of this case.

Thank you for your cooperation.

Sincerely,

[Your Signature (if sending a hard copy)]
