Dear [Recipient's Name],

Subject: TB Diagnosis Results

I hope this message finds you well. I am writing to formally inform you of the recent results of my tuberculosis (TB) screening conducted on [date of test].

The results indicate that I have tested [positive/negative] for TB. [If positive, include information about any symptoms and treatment plan; if negative, acknowledge the relief of the results and any follow-up actions.]

I understand the importance of following proper procedures regarding TB diagnoses and will ensure to [follow your doctor's recommendations, inform close contacts, schedule further testing if necessary, etc.]. Please feel free to reach out if you require any further information or documentation regarding my diagnosis.

Thank you for your attention to this matter.

Sincerely,
[Your Name]
