Dear [Healthcare Provider's Name],

Subject: Tuberculosis Diagnosis Notification

I hope this letter finds you well. I am writing to inform you about the recent diagnosis of tuberculosis (TB) for [Patient's Name], a patient under your care. The diagnosis was confirmed on [Date of Diagnosis] through [type of tests, e.g., chest X-ray, sputum culture, etc.].

The patient has been experiencing [brief description of symptoms, e.g., persistent cough, weight loss, fever, night sweats]. As part of the treatment plan, I recommend initiating [specific medications or treatments] and conducting further assessment and monitoring.

Please find attached all relevant medical records and test results for your review. It is essential for both our practices to maintain close communication regarding the patient's condition and response to treatment.

Thank you for your attention to this matter. Should you have any questions or require further information, please do not hesitate to reach out.

Sincerely,

[Your Name]
[Your Title/Position]
[Your Institution/Organization]
