Subject: Request for TLS Verification
Dear [Recipient's Name],
I hope this message finds you well. I am writing to formally request the verification of the Transport Layer Security (TLS) configurations for [specific application/server/website name].
As part of our ongoing commitment to maintaining robust security standards and ensuring the integrity of our communications, we seek to confirm that our current TLS implementations adhere to the latest industry best practices.
To facilitate this process, we would appreciate if you could provide the following information:
1. Confirmation of the current TLS version in use.
2. A summary of SSL/TLS configurations.
3. Details of any certificates employed, including expiration dates and issuing authorities.
4. Information on any known vulnerabilities or risks associated with our current setup.
We understand the importance of this information and assure you that it will be handled with the utmost confidentiality. If there are any necessary forms or protocols that we should follow to expedite this request, please let us know.
Thank you for your attention to this matter. We look forward to your prompt response.
Best regards,
[Your Name]
