Subject: JQL Query Request for Teams

Hi Team,

I hope this message finds you well. I am writing to request assistance with creating a JQL query to help us track our project tasks more efficiently.

Query Objective:

[Brief description of what you want to achieve with the query]

Details:

- Project Name: [Insert project name]
- Issue Type: [Bug, Task, Story, etc.]
- Status: [Open, In Progress, Closed, etc.]
- Assignee: [Specific team member or leave blank for all]
- Date Range: [e.g., created after "YYYY/MM/DD"]

Desired Output:

[List any specific fields or information you want to be included in the results]

If anyone has experience with JQL or can assist, I would greatly appreciate your input!

Thank you!

Best,
