Subject: UV Light Usage Disclaimer

Dear [Recipient's Name],

This letter serves as a formal disclaimer regarding the usage of UV light equipment in [specific location or event]. While UV light has been demonstrated to effectively reduce the presence of certain pathogens, it is important to note the following:

1. **\*\*Safety Precautions\*\***: UV light can be harmful to skin and eyes. Proper protective measures must be taken when operating UV equipment.
2. **\*\*Efficiency Limitations\*\***: The effectiveness of UV light varies based on environmental conditions, surface types, and exposure duration.
3. **\*\*Not a Sole Solution\*\***: UV light should be used in conjunction with other cleaning and disinfection methods for optimal results.
4. **\*\*User Responsibility\*\***: Users of UV light equipment must adhere to all operational guidelines and safety protocols provided by the manufacturer.

By using UV light in our facility or during the mentioned event, you acknowledge and accept the associated risks and limitations. Please consult with professionals if you have any concerns regarding the use of UV light technology.

Thank you for your understanding and cooperation.

Sincerely,

[Your Signature (if sending a hard copy)]
