Dear VK,

I hope this letter finds you well! It's been a while since we last caught up, and I wanted to share some updates and see how you've been doing.

[Insert personal updates, news, or anecdotes here.]

I also remembered the fun we had last time we got together, and it would be great to relive that!

Let me know when you're free to hang out. I can't wait to hear all about what's new with you!

Take care and speak soon!

Best,
