Hey [Friend's Name],

Hope you're doing well! I stumbled upon some old VHS tapes while cleaning out my attic and found that hilarious recording of our beach trip from [Year]. It brought back so many great memories!

I've decided to digitize it and thought it would be fun to share it with you. I can send over a link or we could even have a movie night and watch it together!

Let me know what you think!

Take care,
