Dear [Recipient's Name],
I am writing to formally request academic accommodations based on my
medical condition that is being treated with Vyvanse. I have been
diagnosed with [specific condition, e.g., ADHD], which significantly
impacts my ability to perform academically without accommodations.
As part of my treatment plan, my healthcare provider has prescribed
Vyvanse to help manage my symptoms. However, I find that I require
additional support in my academic environment to succeed. I am requesting
the following accommodations to facilitate my learning:
1. Extended time on exams and assignments
2. Access to a quiet testing environment
3. [Any additional accommodations, e.g., note-taking assistance, flexible
deadlines]
I believe that these accommodations will allow me to demonstrate my true
abilities and succeed in my academic endeavors. Please find attached
documentation from my healthcare provider detailing my diagnosis and the
need for these accommodations.
Thank you for your attention to this matter. I look forward to your
prompt response.
Sincerely,
[Your Name]
