Dear Sir/Madam,

Subject: Request for VX Visa Application on Medical Grounds

I am writing to formally request a VX visa on medical grounds. I have been advised by my doctor to seek medical treatment that is only available in [Country Name]. The condition affecting my health is [briefly describe the medical condition], and my healthcare provider believes that the best course of action is to receive treatment from [specific medical facility or specialist] in [City/Country].

I have enclosed documentation from my healthcare provider, including medical reports and a letter confirming the necessity of the treatment. Furthermore, I have made arrangements for my stay and am financially prepared to cover all medical and living expenses during my time in [Country Name].

I kindly ask for your consideration in facilitating my visa application to ensure I receive the urgent medical attention I require. Thank you for your understanding and assistance.

Yours sincerely,

[Your Name]
