Dear [Recipient's Name],

Subject: Report of Side Effects Experienced with Vyvanse

I hope this letter finds you well. I am writing to formally report some side effects that I have been experiencing while taking Vyvanse (lisdexamfetamine) as part of my treatment plan for [Condition]. Since I began taking Vyvanse on [Start Date], I have noticed the following side effects:

1. [Side Effect 1]
2. [Side Effect 2]
3. [Side Effect 3]

These symptoms have had a significant impact on my daily life, including [Brief Description of Impact]. I would like to provide additional details:

- Dosage: [Your Dosage]
- Duration of use: [Total Duration]
- Other medications being taken: [List of Medications]

I believe it is important to bring these matters to your attention, and I appreciate your commitment to patient safety. Please let me know if you require any further information or if there are specific steps I should follow to collaborate in this reporting process.

Thank you for your understanding and attention to this matter.

Sincerely,
[Your Name]
