Dear [Recipient's Name],

I hope this message finds you well. I am writing to follow up on our recent discussion regarding the Windows Defender Application Control (WDAC) implementation in our organization.

During our last conversation, we covered several key points about the benefits of WDAC, including enhanced security posture, reduced attack surface, and the ability to enforce application whitelisting. As we consider the next steps, I wanted to reiterate our interest in moving forward with the deployment and to discuss any additional requirements or information you may need from our side.

Please let me know a convenient time for us to reconnect and continue this important conversation. I appreciate your support and guidance as we look to enhance our security framework with WDAC.

Thank you for your attention, and I look forward to hearing from you soon.

Best regards,

[Your Name]
