Dear WQAD Weather Team,

I hope this message finds you well. As an engaged member of our community, I would like to propose a segment on weather safety tips that can greatly benefit residents, especially during severe weather conditions.

1. ****Stay Informed****: Encourage the use of weather apps and alerts to receive timely updates.

2. ****Emergency Kit****: Suggest creating a weather emergency kit that includes essential supplies such as water, non-perishable food, medications, and flashlights.

3. ****Evacuation Plans****: Stress the importance of having a family evacuation plan and identifying safe locations.

4. ****Severe Weather Shelters****: Highlight local shelters available for the community during storm events.

5. ****Community Programs****: Promote workshops or programs focused on weather preparedness and safety.

Thank you for considering this important topic. I look forward to seeing how WQAD can help keep our community safe.

Warm regards,
