Hey [Friend's Name],

I hope this message finds you well! I wanted to tell you about something really cool I discovered recently - Xbox All Access. I think you might be interested, especially with all the games coming out this year!

Basically, Xbox All Access is like a subscription service that lets you get an Xbox console along with Game Pass Ultimate for a monthly fee. It's a pretty sweet deal because you can play tons of games without shelling out a huge amount upfront. Plus, the Game Pass Ultimate comes with access to games on console, PC, and even cloud gaming, so you can play on the go!

I've been thinking about signing up for it, especially since I've been eyeing the new Xbox Series X. What do you think? We could even play together online! Let me know if this sounds interesting to you.

Catch you later!

Cheers,
