

[Your School's Letterhead]

[Date]

Dear Families,

We are excited to inform you about our implementation of Xtramath, an engaging online program designed to help students improve their math fluency.

**\*\*What is Xtramath?\*\***

Xtramath is a free, web-based program that focuses on helping students master basic math facts in addition, subtraction, multiplication, and division. It is designed for students of all levels, and we believe it will enhance their confidence and skill in mathematics.

**\*\*Benefits of Xtramath:\*\***

- **\*\*Personalized Learning:\*\*** Each student works at their own pace and mastery level.
- **\*\*Immediate Feedback:\*\*** Students receive instant feedback on their progress, allowing them to understand their strengths and areas for improvement.
- **\*\*Engaging Interface:\*\*** The program makes practicing math facts enjoyable through interactive features.

**\*\*Getting Started:\*\***

To access Xtramath, please follow these steps:

1. Visit the Xtramath website at  
[www.xtramath.org] (<http://www.xtramath.org>).
2. Your child will need to log in using their unique student code, which has been provided to them in class.
3. Encourage your child to practice regularly, ideally for about 10 minutes each day.

**\*\*How You Can Help:\*\***

To support your child's learning experience:

- Schedule a regular time each day for them to practice.
- Encourage them to share their progress with you.
- Celebrate their achievements, no matter how small!

If you have any questions or need assistance with the program, please don't hesitate to reach out to your child's teacher.

Thank you for your support in helping our students succeed in math!

Sincerely,
