Genshin Impact

Dear Zhongli,

I hope this letter finds you surrounded by the tranquility of the mountains and the beauty of Liyue. Your wisdom and strength have always impressed me, and I admire the way you honor the traditions of your nation.

I have always been intrigued by your knowledge of the Geo Archon and the importance of contracts in your world. Your perspective on the value of history and the earth itself inspires me to reflect on my own choices and commitments.

If you ever find a moment of respite, I would love to hear more about your journey and the stories you have gathered over the ages. Your experiences would be a treasure for anyone seeking understanding of the balance between humanity and nature.

Thank you for your guidance and the quiet strength you provide to those around you.

Wishing you peace and joy,
