Dear Zhongli,

As the sun sets over Liyue Harbor, I am reminded of your unwavering presence and the calm strength you embody. Your wisdom and guidance have been the foundation upon which the people of Liyue thrive, instilling a sense of security and respect for the ancient traditions that bind us. In your role as the Geo Archon, you have demonstrated time and again that true strength lies not just in power, but in the ability to foster understanding and harmony between the realms of mortals and the divine. Your love for history and your dedication to preserving the essence of Liyue resonate deeply with us all, encouraging our own appreciation for the past while we navigate the complexities of the present.

We gather to honor your contributions, to celebrate your enduring spirit, and to express our gratitude for the countless ways you enrich our lives. Through your actions, you have taught us that every stone has a story, and every story contributes to the grand tapestry of our shared existence.

May the life you lead continue to inspire future generations, and may the people of Liyue always remember the legacy you leave behind. Thank you for your wisdom, your kindness, and your unyielding commitment to our well-being.

With deepest respect and admiration,
