Dear [Recipient's Name],

I hope this letter finds you well. I am writing to discuss the benefits of ZQuill, a sleep aid that has gained popularity for its effectiveness in promoting restful sleep.

ZQuill contains diphenhydramine, an active ingredient that helps to ease the mind and body into a state of relaxation. Some of the key benefits include:

1. ****Quick Onset of Sleep:**** Many users report falling asleep faster, reducing the time spent tossing and turning.
2. ****Non-Habit Forming:**** Unlike some prescription sleep medications, ZQuill is not known to cause dependency.
3. ****Supports Restful Sleep:**** Users have noted improved sleep quality, leading to better overall daytime function.

I believe these benefits make ZQuill a valuable option for those struggling with occasional sleeplessness.

Thank you for considering this information. I look forward to your thoughts.

Sincerely,

[Your Name]
