Subject: Nexus Letter for Sleep Apnea

Dear [Recipient Name],

I am writing to provide a nexus letter regarding [Veteran's Name], who has been diagnosed with sleep apnea. As [his/her/their] treating [physician/specialist], I have reviewed [his/her/their] medical history and conducted a thorough evaluation of [his/her/their] condition.

It is my professional opinion that [Veteran's Name]'s sleep apnea is related to [his/her/their] military service. Evidence supporting this includes:

1. A documented medical history of [relevant symptoms/conditions] during or after service.
2. [Details of any incidents, exposures, or traumas experienced during service that may have contributed to the development of sleep apnea].
3. Current clinical evidence supporting the diagnosis of sleep apnea, including [sleep study results, symptomatology, etc.].

Given the nature of [his/her/their] service and the medical evidence outlined, it is my conclusion that there is a direct link between [Veteran's Name]'s military service and [his/her/their] current diagnosis of sleep apnea.

Please feel free to contact me at [phone number] or [email address] should you need any further information or clarification.

Sincerely,

[Your Name]
