Dear [Recipient Name],

Subject: UV Exposure Mitigation Measures

I am writing to address the recent concerns regarding UV exposure within our facilities and to propose actionable measures to mitigate this risk. To enhance the safety of our team and clients, we suggest the following strategies:

1. Installation of UV-filtering window films to reduce direct sunlight.
2. Implementation of a scheduled maintenance program for UV protection equipment.
3. Employee training focused on UV exposure awareness and safety practices.
4. Distribution of personal protective equipment (PPE) such as UV-blocking eyewear and clothing.

We believe that these measures will significantly reduce UV exposure and contribute to a healthier work environment. I would appreciate your feedback on these proposals and any additional suggestions you may have. Thank you for your attention to this important matter. I look forward to collaborating on effective solutions to enhance our workplace safety.

Sincerely,

[Your Name]
