Dear [Doctor's Name],

I hope this letter finds you well. I am writing to request a consultation regarding Vyvanse (lisdexamfetamine) for my [specific condition, e.g., ADHD]. After conducting research and considering various treatment options, I believe that Vyvanse may be a suitable choice for my needs. [Briefly explain your symptoms, any previous treatments you have tried, and why you believe Vyvanse may be beneficial for you.]

I would appreciate the opportunity to discuss this medication further, including its potential benefits and any risks associated with it. Please let me know if you are available for an appointment in the coming weeks. Thank you for your attention to this matter. I look forward to your response.

Sincerely,
[Your Name]
