Dear [Recipient's Name],

Subject: Support Request for Vyvanse Withdrawal

I hope this letter finds you well. I am writing to request your support as I navigate the withdrawal process from Vyvanse.

Over the past [duration of use], I have been using Vyvanse to manage [reason for use, e.g., ADHD]. However, I have decided to discontinue its use due to [reason for discontinuation]. I am aware that the withdrawal process may be challenging, and I would greatly appreciate your guidance and support during this time.

I would like to discuss the following:

1. Recommended strategies to manage withdrawal symptoms.
2. Resources or support groups available for individuals going through this process.
3. Any necessary appointments or follow-ups we should schedule.

Thank you for your attention to this matter. I look forward to your support and guidance as I embark on this journey.

Sincerely,

[Your Name]
