Dear Zhongli,

I hope this letter finds you in good health and high spirits. I wanted to take a moment to express my admiration for your wisdom and dedication to preserving the traditions of Liyue.

Your deep understanding of both history and the tectonic forces that shape our world is truly inspirational. I am particularly struck by how you balance your role as the Geo Archon with your everyday interactions, reminding us of the importance of community and connection.

I would love the opportunity to learn more about your experiences and your perspectives on the balance of history and duty. Perhaps we could meet at the Wangshu Inn for some tea?

Thank you for your guidance and for being a steadfast protector of Liyue.

With respect,
